University of Michigan
500 S State St, Ann Arbor, MI, United States
Ann Arbor, MI 48104

Dear Hiring Committee,

Please accept this letter as an expression of my interest in the Applications Programmer Assoc position at the University of Michigan. As a computer science student at Saginaw Valley State University, I am looking forward to applying my skills in application development and contributing to a university known for their strong academic programs and commitment to excellence.

Through my experience with Nexteer Automotive, I developed strong skills in software development and system design. For example, I converted existing Excel systems into Power Apps solutions through app design, custom automation, and specialized reports. This led to improved productivity with less system failures and more functionality in the system. Through this experience, I learned how to design functional systems and communicate effectively with clients to ensure a positive user experience, which I believe would be valuable in the Applications Programmer Assoc role.

I'm drawn to the University of Michigan because of your commitment to creating a brighter future for society. U of M is known for being a world-renowned institution because of its innovative research, rich learning opportunities, and supportive community. I would be thrilled to bring my enthusiasm, willingness to learn, and work ethic to your team.

Thank you for considering my application. I welcome the chance to discuss how my background and passion align with your needs. Please feel free to contact me at (810)-844-4817 or rmsack22@gmail.com. I look forward to the opportunity to connect.

Sincerely,

Ryan Sack

Ryan M. Sack

WORK EXPERIENCE

Manufacturing IT, Nexteer Automotive - *Saginaw, MI*

November 2024 - Present

- Develop Power App solutions from current Excel systems. Test solutions and make modifications to improve quality. Deploy Power Apps Solutions for internal use.
- Create eye-catching Power BI Reports for employees to quickly see valuable company data to enhance decision making.
- Collaborate and communicate effectively with users of my Power Apps Solutions to have continuous improvement for the user experience.
- Collaborate with coworkers in various departments to learn new skills such as using Power Automate, Excel's VBA scripting, and Azure Function Apps.

Event Planning Intern, SVSU Office of Student Life - Saginaw, MI

November 2022 - April 2024

- Managed different event series budgets, allowing for cost-effective events based on student attendance.
- Fostered collaborations with student organizations and various on campus offices.
- Ensured events were in compliance with campus policies and safety regulations.
- Created a new event series to bring engaging and extending activities to the college community.

General Manager/District Manager, Marco's Pizza - Brighton, MI/ Pinckney, MI

April 2023 - August 2023, & April 2024 - August 2024

- Managed store employees and was responsible for the store's growth and work culture. Franchises observed this through sales, labor, food cost, and turnover rates.
- Retained employees by providing a positive work environment, resulting in our store being the best-staffed with zero turnover.
- Led the store through a change in POS systems, being the first to implement, which allowed us to become more self-sufficient.
- Assisted other store locations with staff management and the implementation of POS systems.
- I was quickly promoted from insider to GM over the course of two years due to my loyalty to the company.
- Jumped into temporary GM role on short notice at the Brighton location after the previous GM suddenly left.

Event Staff, SVSU Athletic department- Saginaw, MI

August 2022 - December 2022

- Interacted with event attendees in a friendly, engaging, and approachable manner, contributing to a positive overall experience at sporting events.
- Worked as an integral team member to complete group tasks such as setting up inflatables, tables, and soccer fields.

HONORS/ AWARDS/ ACTIVITIES

Committee Chair, Coop's Birthday - Forever Red, SVSU

January 2023 - April 2024

- Planned and organized on-campus events, including Coop's Birthday.
- Collaborated with other on-campus departments and Registered Student Organizations.

-
- Volunteered for positive impactful events for SVSU students.

Series Event Planner, Valley Nights - Program Board, SVSU

August 2022 - April 2024

- Ran the SVSU Minecraft Server.
- Planned and organized the Trivia and Gaming event series.
- Planned and organized SVSU Esports watch parties.

Rocket League Esports Team - Office of Student Life, SVSU

August 2023 - Present

- Communicated effectively and efficiently with teammates.
- Planned and organized practices with teammates.

Data Acquisition- Formula Racing Team, SVSU

August 2024 - December 2024

- Worked with Arduino and the Arduino IDE.
- Coordinated in a team setting to develop technology to read and interpret data on the race car.
